Notes

 Jim Jenkins  2/12/2015 Server Configuration

the narration was perfect. I just have some direction on the video

0:22 Can you make it so the video zooms a bit more on the address bar.

so instead of this

http://www.si-portal.com/images/intro1/022_1.PNG

its like this.

http://www.si-portal.com/images/intro1/022_2.PNG

This will allow the view to know that something is being typed.

0:22 instead of typing www.siportal.net, the website that is down needs to be typed www.company.local

http://www.si-portal.com/images/intro1/022_2.PNG

0:24 can you remove the si portal text in the background

<http://www.si-portal.com/images/intro1/024.PNG>

0:32 when the narrator says no worries, zoom into the address bar again and have alex type <http://www.siportal.net> in the address bar.

<http://www.si-portal.com/images/intro1/032.PNG>

0:36 when the narrator says "Alex Logs into the si portal" can you have him login to the si portal

<http://www.si-portal.com/images/intro1/036.PNG>

0:40 when the narrotor says "After logging in

http://www.si-portal.com/images/intro1/040_1.PNG

http://www.si-portal.com/images/intro1/040_2.PNG

0:43 can you use this image

<http://www.si-portal.com/images/intro1/043.PNG>

0:47 can you use this image

<http://www.si-portal.com/images/intro1/047.PNG>

0:47 can you use this image

<http://www.si-portal.com/images/intro1/043.PNG>

 Jim Jenkins

Bones confirm Steve Fossett death

The adventurer was 63 when his plane disappeared in September 2007

DNA tests have confirmed two large bones found near the wreckage of a plane in California are those of US millionaire Steve Fossett, police say.

The adventurer was 63 when he disappeared in September 2007 while on a solo flight from a Nevada ranch.

The bones were found last Wednesday 0.5 miles (0.8km) east of a crash site in isolated eastern California.

Fossett's shoes and driver's licence were also found. Both showed evidence of animal bite marks, police said.

Notes

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.
